

Greetings,

My Name is Ezz Elden Mohamed & I have been working as a front-end developer. I also have 1 year of experience as a WordPress developer. My top priority is the quality of my work along with meeting my deadlines. Not only do I care for the quality of my end product, but also for the quality of my code. I'm still a student in the Delta Academy however, I can work full time & I have the ability & the will to learn new technologies & improve my skills furthermore.

You can check my latest work from here: <https://ezzelden.vercel.app/>

My CV is attached for more about me.

Thanks & Regards,

Ezz Elden Mohamed
